Sir:

An Examiner's Amendment was entered on December 12, 2005. Applicants assert that the Amendment is clarifying in nature and was not intended to, and did not, narrow the claims. The Examiner also stated reasons for allowance. While those reasons are correct and proper, they are not the sole reasons that the claims are patentable over the prior art. The scope of the claims should be limited solely by the prior art.

Respectfully submitted,

Tateki JOZAKI et al.
